NUTRITION AND OBESITY RELATED SEMINARS 01/14/2019 – 01/20/2019

Current

Adipose and Metabolic

Adipose Seminar Series sponsored by the *Adipose Tissue Biology and Nutrient Metabolism Core (ABM) of BNORC*
Tuesday, January 15, 2019 from 10:00-11:00AM
"Sorting out Adipocyte Progenitors and Their Roles in Adipose Tissue Remodeling in Obesity" Rana Gupta, Ph.D., Associate Professor, Internal Medicine, UT Southwestern Medical Center
Location: BUMC, EBRC Building, 650 Albany Street, 7th Floor, Room 714

BIDMC Endocrinology Grand Rounds, The Division of Endocrinology, Diabetes & Metabolism, Beth Israel Deaconess Medical Center
Friday, January 18, 2019 from 9:00-10:00AM
"Glucose-responsive transcription factors in beta cells" Donald Scott, PhD, Professor, Diabetes, Obesity and Metabolism Institute, Icahn School of Medicine at Mount Sinai
Location: Beth Israel Deaconess Medical Center, 330 Brookline Ave, Shapiro 2, Leventhal Conference Room

Upcoming

Adipose and Metabolic

Monday Seminar Series, Jean Mayer USDA Human Nutrition Research Center on Aging at Tufts
Monday, January 28, 2019 at 12:00 Noon
"Delayed Aging by Caloric Restriction" Rozalyn Anderson, PhD, Associate Professor, Aging and Caloric Restriction Program, School of Medicine and Public Health, University of Wisconsin-Madison
Location: Jean Mayer USDA Human Nutrition Research Center on Aging, 711 Washington Street, Boston

Adipose Seminar Series sponsored by the *Adipose Tissue Biology and Nutrient Metabolism Core (ABM) of BNORC*
Tuesday, January 29, 2019 from 10:00-11:00AM
"Mitochondrial parts, pathways, and pathogenesis" Vamsi K. Mootha, M.D., Investigator, Howard Hughes Medical Institute; Professor, Department of Systems Biology, Harvard Medical School, Department of Medicine, Massachusetts General Hospital and Institute Member, Broad Institute of MIT and Harvard
Location: BUMC, EBRC Building, 650 Albany Street, 7th Floor, Room 714

Clinical and Community

Monday Seminar Series, Jean Mayer USDA Human Nutrition Research Center on Aging at Tufts
Monday, February 2, 2019 at 12:00 Noon
"Cardiovascular Disease, Diabetes, and Dementia: Prediction and Prevention; Looking Back and Looking Forward" Ernst J. Schaefer, M.D., Chief Medical Officer & Co-Founder, Boston Heart Diagnostics and Professor of Medicine and Nutrition, Tufts University
Location: Jean Mayer USDA Human Nutrition Research Center on Aging, 711 Washington Street, Boston

James C. Melby, M.D. Memorial Endocrinology Grand Rounds, Boston Medical Center and Boston University School of Medicine
Monday, February 4, 2019 Lunch: 11:45 – 12:15 PM Lecture: 12:15 – 1:15 PM
"TBA" Dr. Lydia Lynch, Instructor of Medicine, Division of Rheumatology, Allergy, Immunology
Brigham and Women's Hospital
Location: BUMC, EBRC Building, 650 Albany Street, 7th Floor, Room 714

Longwood Nutrition Seminar 2018-2019 – Division of Nutrition at Harvard
Tuesday, February 5, 2019 from 12:00-1:00PM – Light lunch will be served at 11:30AM
"Adult Malnutrition Update" Kris M. Mogensen, MS, RD-AP, LDN, CNSC, Department of Nutrition, Brigham & Women's Hospital,
Location: Cannon Room (Building C1), Medical Education Center, Harvard Medical School, 260 Longwood Avenue, Boston
For further information: contact: Dr. Christopher Duggan or Barbara Ainsley @ 617-667-2604

Adipose and Metabolic

Adipose Seminar Series sponsored by the *Adipose Tissue Biology and Nutrient Metabolism Core (ABM) of BNORC*
Tuesday, February 26, 2019 from 10:00-11:00AM
"Egr1 coordinated metabolic and circadian regulation of adipose functions" Konstantin Kandror, PhD, Professor, Department of Biochemistry, Boston University School of Medicine
Location: BUMC, EBRC Building, 650 Albany Street, 7th Floor, Room 714

Other Enrichment Opportunities

Second International Summer Institute on Network Physiology (ISINP). Lake Como School of Advanced Studies
July 28-August 2, 2019
This will be an interactive event with lectures ranging from physics, applied mathematics and biomedical engineering to neuroscience, physiology and medicine, and will discuss the challenges, current frontiers and future developments in the emerging field of Network Physiology.
Location: Como, Italy
Click here for additional information and to register.

Trans-NORC Opportunities

Trans-NORC Visiting Scholar Program

The Pennington NORC has announced a funding opportunity for a **Visiting Scholar Program**. Please see the full text of the Application Instructions, which is posted here. The objective of this RFA is to support junior investigators in basic and clinical science, and to link them with mentors to assist their development in the field. It is specifically intended for investigators to learn new techniques and to acquire different skills and expertise by interacting with experts in the field.

- **Submission Deadline:** March 15, 2019
- **Funding Available:** $5,000 – 10,000
- **Submission:** Apply through the Pennington NORC P&F web portal

NORC
Nutrition Obesity Research Centers

Trans-NORC Pilot and Feasibility Program

The Pennington NORC has been awarded a supplement to administer a "Trans-NORC Pilot Grant". The primary goal of this Trans-NORC P&F Program is to encourage and facilitate new, innovative and collaborative research around our NORC overall program. Please click here for the full text of the Application Instructions.

- **Submission Deadline:** March 15, 2019
- **Funding Available:** $180,000
- **Submission:** Apply through the Pennington NORC P&F web portal

Please note that each NORC may submit only one proposal. Please contact Dr. Barbara Corkey, Center Director (bcorkey@bu.edu) if you have an idea for this funding opportunity.

BNORC Core Funding Opportunities

BNORC Small Grants Program

Do you need some preliminary data that can be obtained using one of our cores for a grant application? The BNORC Small Grants Program provides funds up to $3,000 (direct costs only). The timeline from application to award is 1-2 weeks. To-date, the funding rate of this program for eligible requests has been 100%. Please click here for program details and eligibility information.

P30DK046200

The Boston Nutrition Obesity Research Center is administratively based at Boston Medical Center and is funded by the National Institutes of Health (NIH/NIDDK) grant P30DK046200. All publications resulting from the utilization of BNORC resources are required to credit the Center by including the NIH Funding acknowledgement and must comply with NIH Public Access Policy.

This list of seminars and items of interest to the nutrition and obesity community is distributed weekly by the Boston Nutrition Obesity Research Center. This list is also posted at here. Times and dates are subject to change. If you would like your seminar included in this weekly communication, please send the relevant information by email to Donna Gibson.
