**“Egr1 coordinated metabolic and circadian regulation of adipose functions” Konstantin Kandror, PhD**, Professor, Department of Biochemistry, Boston University School of Medicine

Location: BUMC, EBRC Building, 650 Albany Street, 7th Floor, Room 714

## Other Enrichment Opportunities

Second International Summer Institute on Network Physiology (ISINP). Lake Como School of Advanced Studies

July 28-August 2, 2019

This will be an interactive event with lectures ranging from physics, applied mathematics and biomedical engineering to neuroscience, physiology and medicine, and will discuss the challenges, current frontiers and future developments in the emerging field of Network Physiology.

Location: Como, Italy

## Trans-NORC Opportunities

### Trans-NORC Visiting Scholar Program

The [Pennington NORC](#) has announced a funding opportunity for a **Visiting Scholar Program**. Please see the full text of the Application Instructions, which is posted on the Center's website - <http://www.bumc.bu.edu/bnorc/>. The objective of this RFA is to support junior investigators in basic and clinical science, and to link them with mentors to assist their development in the field. It is specifically intended for investigators to learn new techniques and to acquire different skills and expertise by interacting with experts in the field.

- **Submission Deadline:** March 15, 2019
- **Funding Available:** \$5,000 – 10,000
- **Submission:** Apply through the Pennington NORC P&F [web portal](#)

### Trans-NORC Pilot and Feasibility Program

The [Pennington NORC](#) has been awarded a supplement to administer a "Trans-NORC Pilot Grant". The primary goal of this Trans-NORC P&F Program is to encourage and facilitate new, innovative and collaborative research around our NORC overall program. Please see the full text of the Application Instructions, which is posted on the Center's website - <http://www.bumc.bu.edu/bnorc/>.

**Submission Deadline:** March 15, 2019

**Funding Available:** \$180,000

**Submission:** Apply through the Pennington NORC P&F [web portal](#)

Please note that each NORC may submit only one proposal. Please contact Dr. Barbara Corkey, Center Director (bcorkey@bu.edu) if you have an idea for this funding opportunity.

## BNORC Core Funding Opportunities

### BNORC Small Grants Program

Do you need some preliminary data that can be obtained using one of our cores for a grant application? The BNORC Small Grants Program provides funds up to \$3,000 (direct costs only). The timeline from application to award is 1-2 weeks. To-date, the funding rate of this program for eligible requests has been 100%. Please visit the website for program details and eligibility information.

### P30DK046200

The Boston Nutrition Obesity Research Center is administratively based at Boston Medical Center and is funded by the National Institutes of Health (NIH/NIDDK) grant P30DK046200. All publications resulting from the utilization of BNORC resources are required to credit the Center by including the NIH Funding acknowledgement and must comply with NIH Public Access Policy.

This list of seminars and items of interest to the nutrition and obesity community is distributed weekly by the Boston Nutrition Obesity Research Center. This list is also posted at <http://www.bumc.bu.edu/bnorc/seminars-events/>. Times and dates are subject to change. ***If you would like your seminar included in this weekly communication, please send the relevant information by email to: [dgibson@bu.edu](mailto:dgibson@bu.edu).***
