Boston University Medical Campus
LIMITED FUNDING OPPORTUNITY

TO: BUMC Faculty
FROM: Andrew W. Taylor, PhD, Associate Dean of Research, BUSM
DATE: Feb. 13, 2020
SUBJECT: NIH-Environmental Health Sciences Core Centers (EHSCC) (P30 Clinical Trial Optional)

OBJECTIVES: The National Institutes of Health (NIH) invites grant applications for the Environmental Health Sciences Core Centers (EHSCC). As intellectual hubs for environmental health science research, the EHS CC is expected to be the thought leaders for the field and advance the goals of the NIEHS Strategic Plan (http://www.niehs.nih.gov/about/strategicplan/). The Core Centers provide critical research infrastructure, shared facilities, services and/or resources, to groups of investigators conducting environmental health sciences research. An EHS CC enables researchers to conduct their independently-funded individual and/or collaborative research projects more efficiently and/or more effectively. The overall goal of an EHS CC is to identify and capitalize on emerging issues that advance improving the understanding of the relationships among environmental exposures, human biology, and disease. The EHS CC supports community engagement and translational research as key approaches to improving public health.

FUNDING INFORMATION: New or first-time applicants are limited to $850,000 Direct Costs per year. Renewal applications are limited to $1.0M Direct Costs per year.

INTERNAL SELECTION PROCESS: BUMC Interested investigators should submit the following materials listed below via InfoReady Review by Monday, March 2, 2020. If you are a BMC investigator and wish to apply for this opportunity, please contact Jennifer Fleming, Director of Foundation Relations and Government Grants at jennifer.fleming@bmc.org.

- Questions outlined in InfoReady Review application
- A brief statement (up to 2 pages) by the candidate describing their scientific achievements and proposed project including a description of key facilities and project personnel
- A brief budget outline for the proposed research
- Up-to-date CV or NIH biosketch.

A faculty committee drawn from both campuses will review internal proposals and select nominees.

In requesting to be considered for this limited submission funding opportunity, you are making a commitment, if selected, to submit your proposal to the sponsor in a timely manner and to Sponsored Programs in accordance with the Proposal Submission Policy.
