featured online programs

▶ scopeofpain.org

SCOPE of Pain: Safe and Competent Opioid Prescribing Education

SCOPE of Pain is a series of CME/CNE activities designed to help you safely and competently manage patients with chronic pain, when appropriate, with opioid analgesics.

▶ anticoagulationtherapy.com

Clinical Updates in Anticoagulation Therapy for Stroke Prevention

Through a free-form faculty discussion you will learn about the most up-to-date treatments in anticoagulation therapy for preventing stroke in patients with atrial fibrillation.

▶ bu.realcme.com

Evidence-based Rheumatoid Arthritis Treatment: A Self-assessment Program

Increased your confidence in the identification of RA and recognize which patients will or will not likely benefit from use of biological therapies and decide when patients will likely benefit from the use of monotherapy or combination therapy.

▶ opioidprescribing.org

Additional Opioid Prescribing education

After you have attended one of the SCOPE of Pain live meetings or completed the SCOPE of Pain online program, we suggest that you visit OpioidPrescribing.org. This online program provides in-depth training that focuses on effective communication skills as well as the potential risks and benefits of opioids and when and how to initiate, maintain, modify, continue or discontinue opioid therapy.
