Department of Pathology and Laboratory Medicine, BUMC				
Histology, Immunohistochemistry, Special Stains	BU	Outside of BUSM		
Routine Histology - price per slide	\$ per slide			
(turnaround 6 business days)	\$			
Processing and embedding tissues, per tissue block*	4	6		
Unstained slides, each, per tissue block	4	6		
H&E stain, per slide	13	19		
Additional H&E stain, per slide	9	14		
Group I special stains, per slide	17	26		
Group II stain silver stains, per slide	18	27		
Immunohistochemistry - price per slide				
(turnaround 11 business days				
excluding work up of new antibodies)				
Processing and embedding tissues, per tissue block	4	6		
Staining with conventional human antibodies, per slide	50	76		
Staining with rodent antibodies, per slide	51	77		
New antibody work up per antibody per day	521	781		
(min 1 day - max 3 days)				
Frozen section slides				
Frozen sections - unstained, per slide	19	29		
Subsequent slides from same block, cut at the same time	18	27		
Frozen sections stains (H&E)	13	19		
Frozen sections stains (special stains)	17	26		
Enzyme histochemistries (i.e. ATPase), per slide	46	70		
Pathologists interpretation of slides, photography etc	\$155/hr			
Rapid turnaround - 48hrs				
Additional charge per block - histology	20	30		
Additional charge per block - immunohistochemistry	40	60		
Digital Image Analysis per slide	25	37		

Electron Microscopy				
	BUMC	Ex-BUMC		
(Turnaround 12 business days)				
	\$	\$		
Transmission Electron Microscopy (TEM) *				
Fixing and embedding vials or culture dishes (1-5 units)	391	586		
Fixing and embedding vials or culture dishes (>5 units), per additional unit	36	54		
Sectioning for light microscopy, staining, per slide/block	70	105		
Ultrathin sectioning, per block	72	108		
Grid Staining, per block	48	72		
Electron microscopy and image acquisition (10 images), per hr	76	114		
TEM usage fee, per hour	24	37		
Miscellaneous EM technical service, per hour	70	104		
Professional Services, per hour (minimum 0.25 hr) **	115	173		
Ultramicrotome guest user fee, per hour	41	61		
Notes:				
* Includes supplies other than immunocytochemical reagents				
** Developing new protocols, image interpretation/labeling, training/assisting in use of the electron microscope
