Promoting Diversity in Science: Supporting Undergraduate Research Experiences (SURE)

PAID SUMMER RESEARCH EXPERIENCE

Through a partnership with the American Heart Association, mentored 8- to 10-week summer research experiences are available for at least three students from ethnic and racial groups under-represented (UREGs) in science.

Students who identify as lesbian, gay, bisexual, transgender, or queer (LGBTQ) may also apply.

Current AHA awardees will serve as mentors for this program.

STUDENT ELEGIBILITY

Candidates:

- Should have expressed interest in a healthcare related field.
- May be pursuing a degree in any field but must have an interest in healthcare.
- Must be full-time undergraduate students—rising sophomores, juniors, or seniors will be considered.
- Should have demonstrated exemplary academic performance.

Eligible students will be from under-represented ethnic or racial groups (URGs) in the sciences. Alternatively, students identifying as LGBTQ also will be considered.

PROGRAM BENEFITS

Benefits include:

- $6,000 stipend.
- Room and board on campus, if student is not locally-based.
- Opportunities to travel to an AHA scientific meeting.

APPLICATION DEADLINE

Date: February 17, 2020
