I hereby grant to the Trustees of Boston University (BU) the non-exclusive right to archive, reproduce, translate (as defined below) and/or distribute worldwide my thesis or dissertation, in whole or in part, and/or my abstract, in whole or in part, in any format and medium, subject to the release date stipulated in this submittal process and approved by my School or College.

I agree that BU may, without changing the content, perform any activities necessary for preservation and proper dissemination, including but not limited to translation of the submission to any medium or format, and addition/editing of descriptive information (metadata).

I agree that BU may keep more than one copy of this submission for the purposes of security, back-up, and preservation.

I represent and warrant that the thesis or dissertation and its abstract are my original work, do not infringe or violate any rights of others, and that I make these grants as the sole owner of the rights of my thesis or dissertation and its abstract. If the submission contains material to which I do not hold copyright, I warrant that I have obtained written, unrestricted permissions from the copyright owner(s) to grant BU the rights required by this document. I warrant that such third-party owned material is clearly identified and acknowledged within the content of my submission, and am uploading copies of permissions as supplementary materials to the submission. I acknowledge that BU will not distribute my thesis or dissertation or its abstract if, in their reasonable judgment, they believe all such rights have not been secured.

I acknowledge that I retain ownership rights to the copyright of my work. I also retain the right to use all or part of this thesis or dissertation in future works (such as articles or books).

I agree that the above-mentioned document be placed in the BU archive of Electronic Theses and Dissertations (currently the institutional repository Digital Common) with the following status: **(choose one)**

1. Open Access: Make the entire work freely available immediately for access worldwide.

2. Restricted Access: Block access to the entire work both on the BU campus and worldwide to protect the work for patent and/or proprietary purposes for a period of **(choose one)**:

6 months       1 year       2 years

**I understand that any embargo request must be accompanied by written consent of my advisor and, if my School or College requires it, the appropriate dean.** After the designated time, the entire work will be released worldwide.

Extension of any restriction beyond 2 years requires approval by BU in the form of a written request describing the reason for delayed release. I agree to hold BU harmless in the event of inadvertent release of restricted material.
