## About this job

### Job description

Position Summary:

Reporting to the Director/Sr. Director of Global Medical Affairs Strategy, the Manager of Global Medical Affairs Strategy (GMAS) will work cross functionally within and beyond Global Medical Affairs to participate in developing, planning and executing product scientific strategy including education, publications, research and thought leader engagement for pipeline and marketed products.

Key Responsibilities:

- Maintain efficient internal communication of product scientific strategy
- Ensure execution and track progress of product strategy
- Collaborate across GMAS to provide consistency in tools to communicate and track product strategy
- Identify cutting edge venues for external communication of scientific data
- Collaborate to develop product and disease scientific content for use in external communications
- Coordinate with communication agencies to execute GMA product teams and publication committees

Minimum Basic Qualifications:

- Bachelor's degree in scientific discipline
- Minimum of 2 years related experience in pharmaceutical industry
- Working knowledge of Microsoft Office (in particular Word, Excel and PowerPoint)
- Demonstrated ability to collaborate with both internal and external cross-functional teams
- Must be authorized to work in the United States for any employer without the need for sponsorship

Preferred Qualifications and Experience: (Include technical and functional qualifications)

- Experience working within or with a scientific communications agency
- Infectious Diseases Experience
- Working knowledge of common data base software (e.g. Microsoft Access)
- Working knowledge and familiarity with collaboration technologies (e.g. Microsoft Sharepoint)
- Understanding of budgets

Competencies:

- Ability to clearly and effectively communicate ideas, data, and concepts, while adjusting one's style based upon the audience
- Engages in active problem-solving and driving issues to resolution
- Capability to work on multiple projects and meet deliverable timelines.
- Ability to prioritize and deliver against competing priorities
- Capability to work on multiple projects and meet deliverable timelines.

Work Environment:

- Office Environment

Physical Demands:

- < 10% travel required

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily within the context of the representative work environment and physical demands described above. Likewise, qualifications listed are representative of the knowledge, skills, and abilities required to perform the position's essential functions. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Cubist is an Equal Opportunity Employer (EOE). M/F/D/V

## About this company

[Follow company](#)

Cubist Pharmaceuticals is a rapidly growing, highly respected biopharmaceutical company focused on researching, developing, and commercializing pharmaceutical products that address

unmet medical needs in the acute care environment.

Cubist completed its initial public offering in 1996 (NASDAQ: CBST) and received its first product approval in the US in 2003 for CUBICIN® (daptomycin for injection) with expanded approval in 2006. Since obtaining approval from the FDA in 2003, CUBICIN has become Cubist's flagship product treating over a million patients and generating hundreds of millions of dollars in annual sales . Cubist also markets ENTEREG®, launched in 2008, the first and only FDA-approved therapy to accelerate the time to upper and lower gastrointestinal recovery following partial bowel resection surgery with primary anastomosis. Known for Cubist's world class commercial organization, it regularly co-promotes marketed products, currently promoting DIFICID, in partnership with Optimer Pharmaceuticals. In addition to Cubist's marketed products the company has a robust clinical product pipeline, with early and late stage candidates including three phase 3 products.

Cubist has received both local and national recognition for its growth as well as its collegial and differentiated culture from Forbes Magazine, the Boston Globe, Fortune Magazine, and Deloitte.
