October 23, 2015

Dear GMS students,

Spring 2016 Registration Opens on November 1, 2015! Payment deadline is December 16, 2015!

Important information regarding changes to forms and submission process are detailed below. The GMS website contains all of the pertinent information to successfully complete the registration process. Refer to the webpages: Students | Registration.

• Prior to registering for any classes, all students must first meet with their Advisor/ Program Director to discuss course selections and to obtain the required "Academic Advising Access Code" for On-line Registration via the Student Link.

• Some GMS courses are restricted from On-line Registration. For these courses, students will need to submit a Class Adjustment Form (add/drop) via GMS Forms.

• Ph.D. degree students must maintain full-time status either by enrollment of 12 credits or more per semester or by submitting a Certified Full-Time Form.

• All GMS courses offered for Spring 2016 semester can be accessed through the student link.

*Please note that if you plan to graduate in May 2016, you must submit the diploma application by January 4, 2016. Students will not be allowed to submit their thesis or dissertation, if a diploma application has not been submitted. Additionally students must have maintained active registration continuously.

Please note that additional GMS forms will be added to the On-Line form submission.

For additional information, feel free to contact either Millie Agosto, Registrar (millie@bu.edu), Dianna Puleo, Assistant Registrar (dianna@bu.edu) or by calling 617-638-5243.

Dr. Hee-Young Park, PhD, Assistant Dean for GMS, will assume day-to-day responsibilities for GMS, while Dr. Hyman is away on a one year sabbatical.
