Directed Study Form

Directed study provides the opportunity for students to explore a special topic of interest under the direction of a MSCI faculty member. Students may register for 2 credits of directed study by submitting a paper registration form, after the MSCI faculty member has agreed to work with the student on a specific project. Directed studies with a non-MSCI faculty member or adjunct member must first be approved by the director or assistant director and assigned to the Director of MSCI as Faculty Sponsor.

____________________________________________________________________________________

Please complete the fields below, sign and date. Please then obtain the required signatures [see above]. Once complete, please submit to the Director/Asst. Director of MSCI. You must also complete a Registration Form to add this to your schedule of courses.

This proposal is for: Spring; Summer I, II; Fall Semester. Year: _______ Current Date: ____________
