MEDICAL GRAND ROUNDS

Membranous Nephropathy:
Does the Discovery of the Antigen Help Clinicians?

David J. Salant, M.D.
Professor of Medicine, BUSM
Chief, Renal Section, BMC

Friday, March 12, 2010
12 PM – 1 PM
Keefer Auditorium

At the conclusion of this activity, participants will be able to:

1) Learn how research on experimental membranous nephropathy paved the way to identifying the human antigen
2) Become acquainted with the features of the membranous antigen PLA2R
3) Understand how this knowledge may be applied in clinical diagnosis and treatment

Target Audience: Department of Medicine Faculty and House Staff and BUSM medical students

Course Director: Robert M. Levin, M.D.

Boston University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Boston University School of Medicine designates this educational activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
