Meaningful Use (MU)

Currently in the 3 month sampling period that will determine future funding

56% of eligible providers in the DOM have met Meaningful Use to date – more qualifying each week

Each provider needs to meet all metric goals for a 90 day window in the calendar year 2013 to meet MU

Clinical Visit Summary (CVS) the biggest challenge requiring a change in workflow

Also allergy measure in some areas

Shelf exam performance above national average and improving

Opportunities: improve feedback, regular engagement, multiple brief observations

Appointment and Promotion of Clinician Educator Faculty

Background: challenge in most medical schools, how to measure excellence

Track system designed to help address different criteria for promotion

Our challenge:

- In addition to promotion, how do we recognize and promote clinical excellence?
- How do we benchmark our faculty's performance in a meaningful way?
- How do we create a promotion pathway for CE faculty?

Process for Reviewing Promotion of Clinician Educator Faculty

Facilitate school-wide discussion

Review and develop options in Appointment and Promotions Committee

Review options in departmental forums:

- Vice Chair's Meeting
- Section Chief's Meeting
- Departmental faculty meetings
- Section Faculty meetings
