

# JF&CS Parkinson's Family Support

## Caring for Care Partners

Join us for a new Parkinson's support group, specifically designed for care partners.

Meetings will be facilitated by Terri Aubin, LICSW, director of JF&CS Mental Health Services. Terri's passion and specialization is geriatrics; she has provided community mental health home visits to elders and helped pioneer a program using sensory stimulation to de-escalate behavioral problems in late-stage dementia patients. Social work student Paige Carambio will help facilitate the group.

Find help. Find answers. Find hope.
