

SEEKING PARKINSON'S DISEASE PATIENTS FOR RESEARCH ON THERAPY WITH BRAIN STIMULATION

Participants must be 40 years of age or older and no history of schizophrenia or alcohol / drug abuse within the last year.

Testing will involve non-invasive and generally painless direct current brain stimulation with clinical tests done during and after each visit.

Testing will be conducted at the Beth Israel Deaconess Medical Center (BIDMC) OR at Spaulding Rehabilitation Hospital.

Parking voucher will be provided.
