Emergency Call Boxes

There are emergency call boxes at a variety of locations within and around the perimeter of the medical center. Emergency call boxes are blue metal boxes that are easily identifiable by blue lights located above the box.

The calls boxes contain an auto-dial phone that connects the caller to the Command and Control Center once the emergency button is pushed. The Command and Control Center knows which phone you are using and will immediately dispatch an officer to your location.

Escorts

The Public Safety Department provides vehicular or pedestrian escorts to the garages, lots and surrounding medical center buildings during night and weekend hours upon request. Escorts are subject to availability by calling the Command and Control Center at extension 4-4444.

Public Safety recommends that you utilize the shuttle services available to you that transport to the garages, lots and surrounding medical buildings and authorized MBTA stops.

Identification Cards

The Public Safety Department maintains a photographic database of all employees, faculty, students and visitors.

Identification cards are to be worn at all times while on the property.

The ID office is located in room 102 at 710 Albany Street, Boston, MA 02118
