Dr. Gordon L. Snider was a pillar of the Pulmonary Medicine community. He was a President of the American Thoracic Society, Chief of Pulmonary and Vice-Chair of Medicine at BUSM, and Chief of Pulmonary and of Medicine for the Boston VA Medical Center. He was founding Director of the Pulmonary Center at BUSM. Dr. Snider passed away in June, 2013. This lectureship is to honor Dr. Snider and to re-affirm his vision that basic science research drives pulmonary medicine progress.

The BU Pulmonary Center proudly presents the first annual Gordon L. Snider, MD, Memorial Lecture

Transcriptional Mediators of Goblet Cell Differentiation and Innate Immunity
