About Dr. Parker

Robert Parker, MD, graduated from Cornell University and University of Michigan Medical School. Dr. Parker completed his pediatric residency at Vanderbilt University Hospital. He is a fellow in Pediatrics at Children’s Hospital of Boston with Dr. Barry Zuckerman in Child Development. He started his career in private practice pediatric for over 3 years ( Jadavie at the University of Massachusetts Medical School and Boston Children’s Hospital and the former Children’s Developmental and Behavioral Pediatrics in 1994, a position he served for over 15 years. He founded and directed the Comprehensive Care Program at MoC – a national model for a primary care for children with developmental disabilities, the palestine's exclusive in every corner of the state and thus was the voice of the parents for MoC. His dedication, which he brought to supporting children and their families in the greater Boston area, and his dedication to his patients and their families.

With Dr. Barry Zuckerman and it led to his current role as the Steven J. Parker Memorial Developmental-Behavioral Pediatrics Conference. He formed for all practitioners to meet and provide an opportunity to meet the needs of the children in the conference. And he brought Steven’s own advice for theSteven’s life philosophy.

“I enjoy your life! Enjoy the ride! Some day soon you’ll wonder how it all went by so fast and why you didn’t appreciate it as it was happening.”

Hotel

Royal Sonesta Boston Hotel – 45 Eastland Boulevard, Cambridge, MA 02142
