Thinking Beyond PowerPoint: Digital Interactive Teaching

Evans 118
12:00 to 1:00 p.m.
Monday, January 10, 2011
lunch served

Presenter: Kitt Shaffer, MD, PhD
Vice Chair for Education, Department of Radiology
Target Audience: Faculty members in the Department of Medicine

At the conclusion of this activity, participants will be able to:

- List three educational disadvantages of digital slides as a standard teaching method
- Describe an interactive digital alternative to slides that allows more learner-directed teaching
- List the technical components (tablet, software) needed to perform this type of digital interactive teaching
- Describe three medical education topics that lend themselves to digital interactive teaching
