UNC Core Center for Clinical Research (CCCR) Speaker Series

Understanding Pain in Osteoarthritis

Tuhina Neogi, MD, PhD

Professor of Medicine and of Epidemiology

Chief of Rheumatology

Boston University School of Medicine/Boston Medical Center

Boston University School of Public Health

Brief Description: There is a well-recognized structure-symptoms discordance in osteoarthritis, reflecting the multifactorial nature of pain in osteoarthritis. In this talk, Dr. Neogi will review evidence regarding altered neurobiological mechanisms contributing to the pain experience, with implications for new treatment opportunities.

**Wednesday,
December 9th**

10:30-11:30am
