

## Boston University Medical Group

# Excellence in Care Award

Given to an early or mid-career clinician who demonstrates clinical excellence and is an exceptional role model for the values in his/her clinical work.

## **Genevieve Preer, MD**

Assistant Professor – Pediatrics

Dr. Preer, originally from Washington D.C., has been at BMC for eight years working as a clinician in the Pediatric Primary Care Clinic. She is a consultant for the hospital's Child Protection Team. Also, she has continuously worked as a liaison with the Medical-Legal Partnership | Boston in its partnership with BMC Pediatrics. Her interests include health advocacy, child abuse prevention, and social justice. She is recognized by her colleagues for her reputation as a physician who cares about every aspect of her patients' lives and the challenges they experience daily.
