

## Boston University Medical Group

# New Faculty Excellence Award

Given to a new clinician who demonstrates clinical excellence and has made exceptional contributions to the clinical mission of the organization during his/her first 3 years of service.

## **Shannon Bell, MD**

Assistant Professor – Obstetrics & Gynecology

Dr. Bell has been at BMC in the Department of Obstetrics & Gynecology for two years. She is an Associate Clinical Director of the Solomont Center for Clinical Simulation at BMC. She is also an active member of the national Simulations Working Group under American Congress of Obstetricians and Gynecologists. She is recognized by her colleagues for her effective integration of safety, quality, education and compassion into a highly productive and successful clinical practice.
