

PATHOLOGY SEMINARS, FALL TERM 2010
FRIDAYS, 1:45-2:45 P.M.
670 ALBANY STREET – LOBBY LEVEL – ROOM #107/108
REFRESHMENTS AT 1:30 P.M.

***There is one exception**

SEPTEMBER

TALK TITLES

17 Charles Jennette, MD

Kenneth M. Brinkhous Distinguished Professor and Chair
Chief of Service of UNC Hospitals Clinical Laboratories
University of North Carolina

*Pathogenesis of Vascular Inflammation
Induced by Anti-neutrophil Cytoplasmic
Autoantibodies*

24 Ken Moya, PhD

Centre National de la Recherche Scientifique
Collège de France
Paris, France

*The Homeoprotein Transcription Factor
Otx2 as a Survival Factor for Injured
Adult Retinal Ganglion Cells*

OCTOBER

1 Kim McCall, PhD

Associate Professor of Biology
Boston University School of Medicine

*Non-canonical Cell Death Pathways in
Drosophila Oogenesis*

8 Jacqueline Bouchard, PhD Candidate

Department of Pathology and Laboratory Medicine
Boston University School of Medicine
Remick Lab

*Binge drinking Exacerbates Asthmatic-like
Pulmonary Inflammation in Cockroach-Allergen
(CRA) induced Allergic Mice*

15 Sharon Cantor, PhD

Associate Professor of Cancer Biology
University of Massachusetts Medical School

*Hereditary Breast Cancer Gene, BACH1/FANCI
at the Crossroads of DNA Repair*

22 Hidde Ploegh, PhD

Professor of Biology
Whitehead Institute for Biomedical Research
Massachusetts Institute of Technology

*Host-pathogen Interaction
and (glyco) Protein Quality Control*

Boston University School of Medicine is accredited by the Accreditation Council for Continuing Medical education to provide continuing medical education for physicians. Boston University School of Medicine designates this educational activity on an hour-for-hour basis in category 1 credit towards the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

29 Mikael Pittet, PhD

Assistant Professor
Center for Systems Biology
Massachusetts General Hospital
Harvard Medical School

Macrophage Response: Analysis in Context

NOVEMBER

5 Beth Stevens, PhD

Assistant Professor of Neurology
Children's Hospital Boston
Harvard Medical School

*Pruning CNS Synapses: An Unexpected Role
for Glia and Proteins of the Innate Immune System*

12 Michael Greene, PhD Candidate

Department of Pathology and Laboratory Medicine
Boston University School of Medicine
Connors Lab

*Histopathologic and Serologic Evidence for a
Role of the Molecular Chaperone Clusterin in
Amyloidotic Cardiomyopathy*

***16 Peter Jensen, MD**

Professor and Chair, Department of Pathology
University of Utah

HLA in Medicine

***Note: Tuesday Seminar at 8:00 AM, replacing Friday Seminar**

26 THANKSGIVING HOLIDAY

NO SEMINAR

DECEMBER

3 Azad Bonni, MD, PhD

Professor of Pathology
Harvard Medical School

*Cell-Intrinsic Regulation of Neuronal
Connectivity in Brain Development*
