

PATHOLOGY SEMINARS, FALL TERM 2021

FRIDAYS, 2:00-3:00 P.M.

**Seminars will be held in L-112, Instructional Building**

**IP=In-Person/Z=ZOOM**

SEPTEMBER

TALK TITLES

September 17<sup>th</sup>

**(Z) Mostafa Belghasem, MD, PhD**

Assistant Professor of Biomedical Sciences  
Kaiser Permanente Bernard J. Tyson School of Medicine  
Adjunct Assistant Professor of Pathology,  
Boston University School of Medicine

Modernizing Medical and Graduate Education Material:  
Refreshing Lectures to  
Appeal to the Present-Day Student”

September 24<sup>th</sup>

**(IP) Yvon L. Woappi, PhD**

Instructor, Principal Investigator  
NIH/NIGMS K99/R00 MOSAIC Fellow  
Department of Dermatology  
Harvard Medical School; [Brigham and Women's Hospital](#)

Uncovering the functional orchestration  
of tissue regeneration

OCTOBER

October 1<sup>st</sup>

**(Z) Tracey Ignatowski, PhD**

Assistant Professor of Pathology & Anatomical Sciences  
Jacobs School of Medicine & Biomedical Sciences  
University at Buffalo, The State University of New York

“TNF $\alpha$  in the Brain: Neuromodulator,  
Inflammatory Mediator, and  
Therapeutic Target for Neuropathic Pain”

October 8<sup>th</sup>

**(IP) Ruben Dries, PhD**

Assistant Professor of Medicine  
Divisions of Hematology  
and Oncology and Computational Biomedicine  
Associate Member, Center for Regenerative Medicine (CReM)  
Boston University School of Medicine

“Spatial transcriptomics in tumor development,  
a deep dive”

October 15<sup>th</sup>

**(IP) Tara C. Bouton, MD, MPH & TM**

Assistant Professor of Medicine  
Section of Infectious Diseases  
Boston University School of Medicine/Boston Medical Center

"Whole Genome Sequencing to understand  
SARS-CoV-2 transmission in the healthcare setting"

**Target Audience:** Faculty, Students, Residents, Greater Boston Scientific Community

**Course Director:** Liz Duffy, MA

October 22<sup>nd</sup>

**(Z) Daniel Remick, MD**

Professor of Pathology  
Boston University School of Medicine

“Put on your HAT: Hydrocortisone  
\_Ascorbic acid and Thiamine therapy for sepsis”

October 29<sup>th</sup>

**(IP) ANNUAL NANCY L.R. BUCHER SEMINAR**

**Steven H. Zeisel, MD, PhD**

Professor of Nutrition and Pediatrics  
Former Director UNC Nutrition Research Institute  
University of North Carolina at Chapel Hill

“Precision Nutrition:  
Lessons from the study of choline”

## NOVEMBER

November 5<sup>th</sup>

**(IP) Hui Feng, MD, PhD**

Associate Professor, Departments of Pharmacology  
& Experimental Therapeutics and Medicine  
Section of Hematology and Medical Oncology  
The Shamim and Ashraf Dahod Breast Cancer Research Laboratories  
The Cancer Center, Boston University School of Medicine

"DLST, Mitochondria, and MYC-driven Cancers"

November 12<sup>th</sup>

**(IP) Nahid Bhadelia, MD, MALD**

Founding Director, BU Center for Emerging Infectious  
Diseases Policy and Research (CEID);  
Associate Director, National Emerging Infectious Diseases Laboratories  
Associate Professor, Section of Infectious Diseases,  
Boston University School of Medicine

“Preparing for the Next Big One:  
Lessons from Ebola outbreaks and COVID-19  
pandemic for healthcare preparedness”

November 19<sup>th</sup>

**(Z) Wook Jin (Eddie) Chae, PhD**

Assistant Professor, Harrison Scholar  
Massey Cancer Center School of Medicine  
Department of Microbiology and Immunology  
Virginia Commonwealth University

“Dickkopf1: A new immunomodulator  
in pathological inflammation”

November 26<sup>th</sup>

*Thanksgiving Holiday-No Seminar*

## DECEMBER

December 3<sup>rd</sup>

**(IP) Brian E. Moore, MD, MEd**

Professor of Pathology  
Boston Medical Center  
Boston University School of Medicine

“What’s New in WHO?:  
The 2021 World Health Organization Classification  
of Central Nervous System Tumors”

**Target Audience:** Faculty, Students, Residents, Greater Boston Scientific Community

**Course Director:** Liz Duffy, MA
