

*The Alpha Omega Alpha Chapter of
Boston University School of Medicine
proudly presents*

Alpha Omega Alpha is the national honor medical society. Founded in 1902, it is dedicated to improving care for all by recognizing educational achievement and gifted teaching, encouraging the development of leaders, supporting the ideals of humanism, and promoting service to others. Its motto is: "Be worthy to serve the suffering." Election to ΑΩΑ is a distinction that will accompany you throughout your professional life.

Boston University's chapter, Gamma Massachusetts, was chartered in 1948. Students at BUSM are eligible for selection to ΑΩΑ during their fourth year. Here at BUSM, selection is based on academic performance in BUSM-III clerkships and USMLE exams, as well as evidence of leadership, professionalism, and commitment to service and to the medical profession. Additionally, ΑΩΑ offers several opportunities for awards and scholarships for both members and nonmembers alike.

The BUSM Alpha Omega Alpha Executive Committee:

Brian P. Curry, President
Tejaswi Kompala, Vice President
David McAneny, MD, Councilor
Robert Lowe, MD, Secretary-Treasurer

Richard Gunderman is Professor of Radiology, Pediatrics, Medical Education, Philosophy, Liberal Arts, and Philanthropy at Indiana University. He received his AB Summa Cum Laude from Wabash College, MD and PhD (Committee on Social Thought) with honors from the University of Chicago, and MPH from Indiana University. He also received an honorary Doctorate of Humane Letters from Garrett Theological Seminary at Northwestern University. He was a Chancellor Scholar of the Federal Republic of Germany. He is a nine-time recipient of the Indiana University Trustees Teaching Award. He was named the 2008 Outstanding Educator by the Radiological Society of North America, the 2011 American Roentgen Ray Society Berlin Scholar in Professionalism, and the 2012 Distinguished Educator of the American Roentgen Ray Society. In November, he received the Alpha Omega Alpha Robert J. Glaser Award for Teaching Excellence, the top teaching award from the Association of American Medical Colleges. In 2013, he was the Spinoza Professor at the University of Amsterdam. He is the author of over 400 articles and has published eight books, including *We Make a Life by What We Give* (Indiana University, 2008), *Leadership in Healthcare* (Springer, 2009), and *Achieving Excellence in Medical Education* (2nd edition, Springer, 2011), *X-ray Vision* (Oxford University, 2013), and *Essential Radiology* (3rd edition, Thieme, 2014). He is also a correspondent for the Atlantic and past president of the faculty at Indiana University School of Medicine.
