Neurology Required Patients & Procedures

Required Patient Encounters for Logging				
Clerkship/Clinical discipline	Patient type/ Clinical condition	Procedures/Skills	Clinical setting	Level of student responsibility*
Neurology	Weakness (focal/global)		I,O	All
Neurology	Headache		I,O	All
Neurology	Dizziness/lightheadedness		I,O	All
Neurology	Altered mental status		I,O	All
Neurology	Loss of consciousness		I,O	All
Neurology	Memory difficulties		I,O	All
Neurology	Seizures		I,O	All
Neurology	Gait/movement abnormalities – abnormal gait		I,O	All
Neurology	Gait/movement abnormalities - tremor		I,O	All
Neurology	Numbness and tingling		I,O	All
Neurology	Back pain		I,O	All
Neurology		LP		Sim
Neurology		EMG discussion or observation		O, Alternative Experience
Neurology		EEG discussion or observation		O, Alternative Experience

Levels of Responsibility

Presenting Conditions
  All: Students are expected to take a patient history, conduct a physical exam, and provide both an assessment and treatment plan inclusive of anticipatory guidance and counseling where appropriate
  Alternative Experience- Students complete the requirement by participating in a simulation, standardized patient exercise, case-based session or online module.

Procedures
  Sim=Simulation or task trainer: Student performs a procedure or skill in simulation or by using a task trainer
  P=Procedure: Students are expected to perform the procedure/skill on a patient
  O= Observation: Students are expected to observe a procedure done on a patient
