

Third Year Selectives

2024-2025 Academic Year

Emergency Medicine Selective

Course Director: Drs. Kelly Mayo and Zayir Malik

Course Coordinator: Liz Traina (Elizabeth.Traina@bmc.org)

Students spend four weeks working in the Emergency Department of Boston Medical Center, the busiest Level 1 trauma center in New England. Working alongside our senior residents, attendings, and nursing staff, students take an active role in the initial evaluation and treatment of patients while gaining exposure to a wide variety of illnesses, diagnostic approaches, treatments, and procedures. For many patients, the ED is their first entry into the medical system. Students have the opportunity to follow patients from their initial presentation, through their workup, and onto their diagnosis and treatment.

Students participate in weekly departmental conferences and didactic lecture series, as well as ultrasound session and simulation curriculum designed specifically for them. The skills learned are applicable to both careers in EM and other specialties.

Radiology Selective

Course Director: Harprit Bedi, M.D.

Course Coordinator: Mariama Bah (Mariama.Bah@bmc.org) 617-414-4914

The Department of Radiology offers a clinical 4-week rotation based at Boston Medical Center. The course is comprised of didactic lectures, departmental conferences, small group sessions on evidence-based imaging, case review sessions, and clinical observations in general radiology, pediatric imaging, musculoskeletal imaging, neuroradiology, abdominal and pelvic imaging, thoracic imaging, breast imaging and nuclear imaging.

Research Selective

Course Director: Shannon Fisher, M.D., Ph.D. (shanfish@bu.edu)

Course Coordinator: Ana Gregory (anagreg@bu.edu)
