

## 2009 Biotechnology Summer Program for Middle School Students

At Bridgewater State College CityLab

### Whale of a Mystery

Students who are entering grades 6, 7, 8 or 9 in the fall of 2009 are invited to apply for this exciting and educational week-long summer program. Using investigative laboratory techniques, participants will solve a forensic mystery related to the hunting of endangered Cetacean species. They will work in teams to conduct laboratory research, develop a poster, and present their results orally at a public poster session.

Two separate one-week sessions are offered:

**Session I, July 6-10, 2009**

**Session II, July 13-17, 2009**

The program meets daily, from 8:30 am to 4:00 pm,  
on the Bridgewater State College campus.

The fee of \$250 per student does not include lunch or  
transportation. Need-based scholarships will be available.

**Application packets are now available!**
