### [Office of Postdoctoral Affairs](#)

The office of Postdoctoral Affairs is pleased to announce Speaker Series. The series aim to provide the postdocs with information and resources and to exchange of ideas and the intellectual enrichment of the postdoctoral community. Our third event speakers are: Erroll Rueckert, PhD MGH Postdoc Association Co-Chair & Executive Administrator; Tooba Cheema, MGH Postdoc Association Co-chair & Executive Administrator, Adnan Abu-Yousif, Founder of IEP

**Title:** The Industry Exploration Program (IEP)

**Date:** Thursday, July 7, 2011

**Time:** 8:30 – 10:00 AM

**Location:** Room R115, 72 East Concord St.

**Additional Information** [Registration Required](#), Breakfast Provided.

The Industry Exploration Program (IEP) is a program that the Mass General Postdoc Association started last year in association with the MassBioEd Foundation. Our program has been a resounding success, and several other postdoc associations have shown an interest in joining or replicating our program (i.e. UC Berkeley, Scripps, etc.).

We are initiating the process to expand the IEP program in the Boston area, which involves,

- including more postdocs from various academic institutions
- engaging with more companies for site visits

We certainly want to 1) inform people about the Industry Exploration Program, 2) build enthusiasm amongst postdocs at BU for joining the program, and 3) address any questions or constructive criticism as we work toward expanding the program.
