

This is a simple draft of a Vita. Many students just use their resume and amend to the specific GMS format. This is not the required format but merely serves as a sample for those who do not have a resume prepared. Vita must have the following information: Name, Contact Info, Education and Year of Birth. A Vita in paragraph form is also acceptable provided the required information is included. The name on the top of the Vita must match the name on the thesis Title Page and Abstract Page exactly.

VITA

NAME

Address:

Email:

Year of Birth:

Education: College
Bachelor of Science in ###, May 200##

Boston University School of Medicine, Boston, MA
Candidate for M.S. in Oral Health Sciences, ##year
