Accepting Applications to the AAAS CASE workshop in Washington, D.C.

The AAAS Catalyzing Advocacy in Science and Engineering (CASE) workshop in Washington, D.C. is taking place on March 24-27, 2019. This workshop is a great opportunity for graduate students in STEM disciplines to learn about science policy and advocacy. For more information: <https://www.aaas.org/programs/catalyzing-advocacy-in-science-and-engineering>. Additionally, BU Federal Relations has set up visits on Capitol Hill! All travel and lodging will be covered, as well as the workshop registration fee.

We will select two students to represent each campus (CRC and MED) as determined by your department location. Chosen applicants must receive consent from their advisor and complete a 1 page reflection after the trip as well as share your experience with others as needed.

Application material should include:

- 1) 250 words on why you would like to attend this year's AAAS CASE workshop.
- 2) A current high-quality resume or CV.
- 3) A document with your name, year of study, department and PI's e-mail address.

Note: We highly suggest you meet with Career Coach, Lauren Celano.
Schedule your appointment at: <https://tinyurl.com/BEST19Coaching>

Date: March 24-27, 2019

Location: Washington D.C.

To apply: Please send application materials to BU's BEST at bubest@bu.edu by 9AM on Monday, February 4, 2019.
