

The 24th Annual Henry I Russek Student Achievement Day

*“Genius is perseverance
in disguise”*

This day is in the name of Dr. Henry I. Russek, physician scientist, who recognized the importance of celebrating the accomplishments of young scientists as they become the next generation to cure disease and to enrich society by their own example.

Keynote Address/
Visiting Professor

RUDOLF JAENISCH

Founding Member of the
Whitehead Institute
Professor of Biology
MIT
