

OVERCOMING IMPOSTER SYNDROME

Tuesday, November 30th
12-12:45PM
L-311

Imposter Syndrome: *the overwhelming feeling of self-doubt and attribution of luck in spite of persistent talent and ability.*

Join **Dr. Raul Fernandez**, lecturer and former Associate Dean for Equity, Diversity & Inclusion at BU Wheelock, for a discussion on what imposter syndrome is and strategies to empower yourself against these doubts.

All students in attendance will receive a free \$10 voucher for lunch at **CHEQUERS once the event concludes!*
