Student Health Services

What services are available?

Beginning January 25, Behavioral Medicine and the Sexual Assault Response & Prevention Center (SARP) will resume in-person counseling on the Med Campus on Wednesdays. Behavioral Medicine's hours will be 9:00 AM - 5:00 PM, SARP's hours will be 10:00 AM - 4:00 PM.

Am I eligible?

If you're 1) a full-time student or 2) a part-time student with the Student Health Insurance Plan (SHIP), you can use all counseling services at SHS. Part-time students without SHIP can attend support groups and get help in an emergency. We can also refer you to community providers for more services.

How much does it cost?

SHS mental health and survivor services are free! The cost is covered by your tuition.

How do I make an appointment?

Behavioral Medicine

Your first appointment will be a brief evaluation on Zoom. You can schedule this initial appointment via PatientConnect. Select "Appointments" > "Behavioral Medicine."

SARP

Schedule a non-urgent appointment via Patient Connect. Select "Messages" > "Sexual Assault Response & Prevention Center." Include in your message that you would like to be seen at the Med Campus on Wednesdays.

Please call if you are experiencing an emergency:

Behavioral Medicine: 617-353-3569

SARP Crisis Line: 617-353-7277 (SARP)
