

PNN Visit Tasks by RN & Provider

For PNN Phone Visits: RN will call patient either prior to appt time or at start of appt time to complete the listed tasks. There may be times when RN is busy with other patients and unable to complete the listed tasks, in which case, the provider may need to complete them & alert Christa Gumbs to send the PNN Packet after the visit is completed.

PNN RN Tasks:

- Confirm patient preferred name
- Confirm contact phone #
- Confirm address
- Confirm pharmacy
- Open pregnancy episode
