

JOIN OUR STUDY AND MAKE A DIFFERENCE

Play an important role in advancing the science and application of the Syn-One Test™

Synuclein-One Study

AN NIH-FUNDED RESEARCH PROJECT

- It requires only one in-person visit that takes 2 hours to complete
- You'll earn \$50 for helping out

Who can participate?

- Men or women 40-99 years old
- People with:
 - Dementia with Lewy bodies
 - Multiple system atrophy
 - Pure autonomic failure
- Healthy individuals

Your participation will provide important data to help demonstrate the sensitivity and accuracy of the Syn-One Test
